ABOUT US

Ram Coolers is India's leading air cooler brand and is trusted for offering high-quality air coolers. The unique designing coupled with cutting-edge technology not only ensures safe and durable long-lasting hassle-free life of our coolers but also increases performance and cuts down sound and electricity consumption.

Our coolers range from large capacity jumbo, desert, duct and industrial cooler models that can be placed from outside the window or can be used for centralized cooling. **Our commercial cooler models combine top-notch cooling performance with stylish designs suitable for indoor home use as well.**

For easy reference, each cooler model is tagged with the Sft area it cools.

Cyclone
450s

(Cooling Capacity 450 sft)

- Heavy plastic body
- Powerful air throw
- Larger tank capacity
- Big size honeycomb cooling pad
- Auto air swing
- Three speed settings
- Float ball fitted
- Heavy duty casters for easy movement

			
Cooling Capacity(Sft)	Size (Height/Width/Depth)	Blade Size Fan speed (RPM)	Air Displacement (CFM)
450	52.5X27.6X18 Inches (1335X700X460 mm)	17"/430 mm (1350)	2500
			
Tank Capacity (Ltrs)	Power Consumption (W)	Weight (Kg)	Sound Level (dB)
85	190	21.1	68

Cyclone 500

(Cooling Capacity 500 sft)

-  Heavy plastic body
-  Powerful air throw
-  Larger tank capacity
-  Big size honeycomb cooling pad
-  Three speed settings
-  Float ball fitted
-  Heavy duty casters for easy movement

 Cooling Capacity(Sft)	 Size (Height/Width/Depth)	 Blade Size Fan speed (RPM)	 Air Displacement (CFM)
500	50.6X31X22 Inches (1285X790X560 mm)	17.5"/445 mm (1350)	3200
 Tank Capacity (Ltrs)	 Power Consumption (W)	 Weight (Kg)	 Sound Level (dB)
75	230	20.35	69
